FOR IMMEDIATE RELEASE

TimelyBill® Launches New Customer Portal

Huntersville, NC – Monday, January 19, 2015 – Bill Perfect Inc. is proud to announce its new Customer Portal. Bill Perfect's CEO Michael Lates says, "TimelyBill's new Customer Portal is a powerful web-based tool which enables our clients to deploy fully customized self-care portals even in multi-organization environments. Our customers now have the power to change what options are available in their Customer Portal and even control the look and feel right from the interface, eliminating a support request or custom development."

In today's competitive business environment, customers expect a self-care portal. Whether you are a start-up or an established business, we have the right solution for you. The TimelyBill Customer Web Interface can work as a stand-alone web site allowing a rapid turn up of all portal options. More established organizations can wrap the new functional layer into their existing website.

Features:

- Customer "self-care"
- Multi organizations
- Invoice, payment, and adjustment history
- Real-time and historic call history
- Call detail searching and export
- EBP&P (Credit Card & ACH)
- Customizable report dashboard
- Customer initiated trouble tickets
- User roles and permissions
- Customizable themes

Bill Perfect:

Bill Perfect develops, markets and integrates the award winning TimelyBill Billing & OSS. TimelyBill is a hosted enterprise level billing and operations support system for communications service providers. Whether you are looking at VoIP, Triple Play or Quad Play, TimelyBill's single stack solution was built to meet all of your back office needs.
